

QUINTESSENTIAL CINEMAS

High Quality

Innovative

Bespoke

Practical

Secure

Reliable

Our values

The Quintessential business has been designed and built by professionals for professionals who recognise the requirement for a bespoke, turn key installation of the highest level possible.

High quality designs and equipment with a reliable service is important to us.

Our products are for people who want the best, and the latest technology that can help their busy lives be more productive, practical and enjoyable. Inevitably improving their quality of life.

A home cinema brings your home to life, with the latest films at your finger tips!

Home Cinemas

We provide bespoke designed and installed Home Cinema rooms which will completely satisfy your dreams, however extreme they maybe. At Quintessential Cinemas we listen carefully to the dreams and desires for your room. We complete a bespoke design to your requirements along with a range of optional integrations.

Your home cinema needs and desires are the focal points of every element of our work, and every project is tailored to meet your exact requirements. Whether you are a homeowner, architect, interior designer or property developer, we will work closely with you to evaluate your specific needs and provide a range of optimal solutions, on time and within budget.

The scope of our work begins with an initial consultation when we get to know you and learn exactly what you are looking for. We then plan a bespoke design along with a personal visit to our cinema showroom to allow you to see the design options and experience an example of what your completed room will look and sound like.

A bespoke Home Cinema is a way to improve the quality of home life for you, your family and friends that is available anytime you want it.

Home Automation

QUINTESSENTIAL CINEMAS IN PARTNERSHIP WITH CONTROL 4

We are a fully authorised Control 4 Dealer Showroom

A smart home operating system converts virtually all of your technology in your home. With Control 4 smart home you and your family can control nearly every device and system in your house in ways that are easy and fun to use.

An intelligent home always keeps you in the know. Stay informed and in control of everything happening in and around your home. Whether you are in the kitchen or across the world on business or vacation.

Keep everything on when you want them on.

Sports Simulators

QUINTESSENTIAL SIMULATORS IN PARTNERSHIP WITH SPORTS SIMULATORS LTD

The simulator company that can accommodate your wildest dreams and test any skill level at any game covering 31 sports.

We can convert any home business or leisure facility into an interactive sporting experience where you can improve your skills and provide endless hours of entertainment and variety for friends family employees and customers.

Whatever your sport of choice, we are on hand to advise you from the onset offering space surveys, custom design equipment, installation and set up.

What used to be considered an extravagant dream can now easily become a reality.

Bring your home to life with a state of the art gym, at home. Our fitness gyms by TechnoGym offer the latest in-home fitness to suit your lifestyle and space.

Fitness Rooms

QUINTESSENTIAL FITNESS IN PARTNERSHIP WITH TECHNOGYM

The perfect home gym with TechnoGym Personal range.

If you have always dreamed of having a home gym then now is the perfect time to look at making this a reality. We have been automating home gyms ahead of the industry for the last two years and we now offer a full design, build and space planning for home fitness suites to meet your precise training and fitness requirements. Home gyms can be designed and fitted to rival any other room in the house.

Just look at some of the benefits from having your very own home gym suite:

No more waiting for equipment

No more worries about hygiene or dirty equipment

No more listening to unsuitable or ridiculously loud music

No more thinking about what to wear

No more gym memberships which go on for years

Training anytime to fit your lifestyle

Fully integrated music and AV systems incorporated

Add value to your property when you come to sell

Fully integrated software packages to work with your cross trainer, running machine or bike. Let us talk to you about design and budgets to create a result that is an uncompromised fitness experience.
